

## WATKINS JUNIOR GOLF

The Watkins Junior Golf program is committed not only to growing the game of golf for the next generation of golfers, but also to help create memories that will last a lifetime. At Watkins Junior Golf, we offer a unique educational product that goes beyond teaching just the physical skills associated with golf. Our program incorporates the U.S. Kids Golf Player Pathway Program where we use game-based learning, skills tests, and many other methods to guide your child all the way through the different stages of development. The ultimate goal of Watkins Junior Golf is to keep golf fun enough and challenging enough that each child makes it to Level 5, and if they do, they are certain to be golfers for life.

The Watkins Junior Golf program is led by U.S. Kids Top 50 Instructor Thomas Watkins. As the only Top 50 U.S. Kids Instructor in Mississippi, Thomas will not only teach your child golf, but also teach them many of the life values that are important in their growth. These values include honesty, integrity, sportsmanship, fellowship with other kids and much more. Thomas has proven to be the go to instructor for both boys and girls of all ages and leads the best and most enjoyable junior golf program in central Mississippi.
